

Ref: 21267 - **Newbury Pride In Thatcham**

Newbury Pride in Thatcham' Parades will be held at Thatcham Family Fun Day on Sunday June 28th, 2026.

This builds on last year's successful event which was organised in partnership with Thatcham Town Council.

Newbury Pride is leading this project and our main objective is to encourage the diversity of Thatcham in terms of acceptance and celebration of gender identities and orientation so our communities are inclusive. We believe that our Parades provide a rich mix of content and colour for participants and audiences in which we celebrate the true diversity of our local community.

An audience of 12,000+ people at Family Fun Day will benefit.

Since 1970, Pride Parades have become a significant, recognised global feature, providing confidence and support for LGBTQ+ communities. Pride Parades contain the colours of the rainbow, celebrating diversity and represented in dress, flags and music.

The overall event will be delivered in close partnership between ourselves and Thatcham Town Council, organisers of Thatcham Family Fun Day.

We are fundraising to meet operational costs of putting on the event, which will include interactive drumming from SambaBeats and a Parade that will circle Henwick Worthy Sports grounds taking in all the stalls and activities of other Family Day participants.

**Total Project Cost: £2925. Balance left to raise: £1925**
