Salary for Project Leader	£3,000.00
Total Cost	£26,000.00

Project Description:

The Newbury Weekly News Parcel Fund is a way of thanking elderly people in West Berkshire for all they have done during their lifetime. Together with support from Greenham Trust, Sainsbury's and several other companies we distribute about 1800 food parcels to the elderly people before Christmas as a way of the community saying a big thank you to them for all they have done.

The recent cost of living increases which of course have affected our food prices have caused many more people to have struggled which is what makes the Parcel Fund even more important and welcome from our recipients. This year the Newbury Weekly News Over 80s food parcel, will consist of some food and also some extra special treats that can be enjoyed while sitting with your feet up over the Christmas period.

Every year it is often the company of the person delivering the parcel the people look forward to, and it is also our way as a community to ensure these people are still keeping well.

The parcel fund has definately chaged over the last 100 years but is still a project that means so much to so many people in West Berkshire.
